Who are the main characters in this story?

Julia, Mrs. Flannery (the Dragon Lady), Miss Kendrick, Jeff

What happens in this story?

Fact vs. Fantasy: let's discuss this

What was fact? What was fantasy?

Has anything ever happened like this to you: you told someone a story but they didn't believe you? What did you do?

What would you have done if you were suspicious of something happening to someone you were close to but no one believed you?

If you had written this story, how would you have changed the ending? What was the significance of Julie being stuck in the walls?

Snack ideas:

Julia and Jeff were eating Oreos in the book. Also, they snacked on Doritos while sitting under the tree.

Healthier snack: think of something else you could snack on while sitting under a tree (healthy chips, apple slices...)
