

Traffic and Safety

Drop-Off Rules

- **DO:**
 - Place your child's belongings in the car (on seats or floor), not the trunk.
 - Turn off cell phone.
 - Enter campus from Southbound Lanai Road only. Keep to the right so through traffic may pass on the street. Stay to the right of the orange cones as you enter the driveway and throughout the drop-off zone.
 - Follow traffic monitor instructions.
 - Put your car in park or put on emergency brake when children are exiting.
 - Stay in your car. A traffic monitor will assist your child out of your car. Traffic monitors can also get backpacks, lunchboxes, instruments, etc. out of your car.
 - Drive slowly. Watch for merging traffic to your left as you exit the drop-off zone.
 - Check for oncoming traffic on Lanai Road before exiting. Traffic monitor at exit is responsible for controlling pedestrian traffic only, not automobile traffic.
 - Provide a good example for your child – always follow the rules and be courteous to volunteers, staff, neighbors and other parents.
 - Arrive by 8:10am to allow time to go through the line and for your child to get to their class line on the yard. School starts at 8:15am.
 - Make sure your child is comfortable walking up to their class line on the yard alone. There may be 5th grade students to assist Kinder children, at times, but they are not available after 8:10am and they may not be available every day.

- **DO NOT:**
 - Do not use cell phone while in the drop off line.
 - Do not open driver door or exit car at any time.
 - Do not block crosswalks.
 - Do not have dogs in your car. Dogs are not allowed on campus, even in cars.
 - Do not ask traffic monitors to take your packages onto campus. Monitors may unload your packages and leave them at the front steps; you can then park legally on the street and walk back to school to carry your items in.
 - Do not drop off your child before volunteers arrive (7:50am) or after service has concluded (8:20am). Park legally and walk your child to the office if you arrive late.

Your children are watching. Breaking the rules may result in revocation of permission to use the morning drop-off service.

Traffic and Safety

Traffic Rules At and Near Lanai Road School

- **DO:**
 - Enter Lanai driveway driving from Southbound Lanai Road. Do not turn left into driveway from Northbound Lanai Road.
 - Park And Walk Safely (PAWS) – You may park legally on surrounding neighborhood streets and walk your child to and from campus. Suggested streets are Hayvenhurst Drive, Bosque Drive and the West side of Lanai Road. Do not park on Marbro Street – Parking by permit only between 7am and 4pm.
 - Follow all city parking regulations and traffic laws.
 - Watch out for pedestrians. Many children and parents are moving about before school begins and after dismissal.
 - Provide a good example for your child – always follow the rules!

- **DO NOT:**
 - Do not park in front of the driveway gate at any time, for any reason. The driveway entry gate is an emergency entrance for fire, police and other emergency services. The entry gate is locked prior to school dismissal for the safety of children crossing the driveway. If you have a special need to enter the driveway (e.g. to drop off a heavy load or for handicap access), please call the school office to request that a staff member open the gate upon your arrival.
 - Do not turn left into school driveway from Northbound Lanai Road.
 - Do not park on any red curb.
 - Do not double park. Do not ask your child to walk between parked cars to your car.
 - Do not drive or walk up the exit ramp.
 - Do not block or park in residential or other driveways, make u-turns in neighbors' driveways, move neighbors' trash cans or in any other way be inconsiderate to our neighbors.
 - Do not park in campus parking lots during school hours. They are for staff only.
 - Do not make U-Turns or park in the Holy Spirit Center across Lanai Road from the school. Holy Spirit Center is private property.

Your children are watching. Breaking the rules may result in revocation of permission to use the morning drop-off service.
